

Summer Reading

Landrum Middle School

Summer Reading is designed to foster a love of reading. Your student may choose any 3 books from the current or past Sunshine State Young Readers list. The form located on our Landrum Web Site should be completed for each book and returned to school in the fall. Reading three books will result in being awarded five (5) PBS cards which may be redeemed in our PBS store, used in the cafeteria, or saved to be entered in drawings throughout the year. It is our hope that students will choose books for reading enjoyment based on personal preference or interest. Parents, reading with your child is a great family activity and promotes healthy reading habits. Please join us in fostering your child's love of reading.
